POWER INFUSION

HEAVY METAL QUEEN

don't wake me, please don't shake me
I'm dreamin', please don't break me
she's come to take me by the hand
to lead me to the promised land

come on take me through the night
on your silver wings I'll ride
come on take me I am yours
I can feel your metal force
you let me rock, you let me steam
so don't get out of my dream,
heavy metal queen

eyes shinin' like two diamonds
she shows me where the fire burns
lips kissin' hotter than hell
I can't stand to her spell

come on take me...

I meet you in the night-time
you make it out a high-time
turn darkness into light
turn fear into delight

come on take me.....

ROCKSTAR

late in the night in a smoky bar
a drunkard smashed down his twentieth jar
no one took notice of the broken guy
who searched in vain for the reason why

his girl left him back in a bad constitution
and sometimes he has the crazy illusion
of a life in glamour, of a life in gold
of a woman's heat – but the stuff is cold...

rockstar, play rockn'roll
people love you million miles from home
rockstar, believe your soul
rockn'roll will lead you to the light!

later he unpacks his old guitar
he plays a song by the twenty-fifth jar
cries the blues of a rotten live
a melody – a straw for survive

now he's famous, has a lot of money
he plays for millions – ain't it funny?
His songs stay honest in spite of fame
the feeling in his heart remains the same...

rockstar, play rockn'roll...

TWENTE CENTRAAL

CHILDREN OF ILLUSION

have a little sunshine day
a little peace of mind
love pervades your open heart
so treat the others kind
you'll get lost in your misery
if you refuse your brother's aid
we all need a lot of sympathy
to bear our sad poor fate...

the lust of war excites your heart
black charger takes you by the hand
cruel cult affirms since hundred years
and hopes run into sand
you invade your brother's property
you propel black charger's lust
your passion is to fight and torment
love is buried in the dust...

we are the children of illusion
we live our dreams day by day
we are the children of confusion
we laugh, we cry and pray....

GLASS-HOUSE

I'm in a glass-house
I'm shooting stones to the panes
because I find out
the panes can't stand the rain

it's a bad world
so open up your mouth
don't let them fool you -
try a stone in the glass-house!

You think you're free
you have to change a lot
they cool you down
promise to you a pot

they shut you up
and suck you out
don't let them fool you -
try a stone in the glass-house!

SLD

they don't need no sticks
they don't need no chains
they ain't got no bullshit in their brains

they need a machine
a tank full of gas
a woman in the back
a swig an' some grass

speed, leather and danger
life means road to road
dare-devils, cool adventure
burning fire in their soul

they don't need no fights
to get in the mood
but they hate the unfairness
and fight for the good

a roaring train
was born to move
they follow the band
who's playin' their groove

speed, leather and danger.....

TRANCE

POWER INFUSION (ROCKPORT R0023)

Alle nummers liggen in de stijl van BREAK OUT, doch ze zijn er nog op voor uitgegaan. De nummers zijn nu sneller.

Kant b opent met "Heavy metal queen". Het is een nummer van opbouw en vrijheid met "Rockstar". Het doet me denken aan de hills. Dus zeker komt de ballade "Chil". Dat TRANCE gekend is. Het woord: FANTASTISCH voor Lothars zang. Het afsluiter voor de

I-ste zijde. Kant b opent met "Shockpower". Dit nummer staat volledig onder controle van

Marcus's lead guitar. Dan vervolgt men met "Burn your lies". Dit is weer zo'n prachtsong. "Sensation" is een goede opvolger, en als afsluiter komt het snellere "storm & thunder". Rekening houdend met het cijfer van Breakout (II) verdient deze 12/10.

Trance, wie sich die aus den kleinen Ecken (Kasseler) kommen, die Band nennt, geht bei ihrer Musik keine Kompromisse ein. Heavy-Metal-Rock erster Güteklasse heißt das Rezept, mit dem sie für frischen Wind in der Musikszene sorgen. Die "Trance", die Hard-Rock-Fans in jeder Hinsicht, Leute entsprechen den Erwartungen, auch für ihre neuen LP "Power Infusion", die vor wenigen Tagen erschienen ist. Da wird nicht einfach drauflos getrickelt, sondern vielmehr auf Details und belebende Elemente geschaut.

"Heavy-Metal-Queen", "Rockstar" und "Sensation" sind drei geradlinige Songs, die durch ihre prägnanten Ohrwürmer Refrains bei vielen Touristen den durften. Auf der Tour werden sie in folgender Besetzung spielen: Lothar Klein (Bass), Markus Berger (Leadgitarre), Jürgen Baum (Drum) und Lothar Antoni (Vocals, Leadgitarre) - idt-

Am Dienstag den 22. März geht es im Keller der "Big Apple" um drei Abende mit Heavy-Metal. Diese drei Abende charakterisieren die Musik von TRANCE. Die Gruppe wird an diesem Dienstagabend ihre neue Platte vorstellen.

SHOCK POWER

I felt cold n' lonely
a dirty damned blues was in my bones
there were – too many heartaches
and the one that I loved – she left me alone

I met a stranger
whiskey bar – low red lights
told my bad sad story
and he took me to the place where the evil dies

magic forces
magic energy
shock power!
sound n' action
give me satisfaction -
metal power!

welcome to dr. rock
start the amps – high speed
no time to lose – let's go
action, baby 'til you bleed!

move on the sound
feel the lust comin' up...
it's just a power infusion,
metal power 'til you drop!

magic forces...

BURN YOUR LIES

everyday a bluebird carries time away to say
that the end is coming near – a price we have to pay
can you hear a lion, who's roaring loud to show his pride?
are you sure, you'll ever hear the words he has to say?

when the time is lost people are ready to fight
you will see the answer, brother of the night
can you see the white dove – why do you think it has to die?
don't you feel it's just the black-man by your side?

burn your lies
'cause I want to you by my side
hand in hand
come along
burn your lies
don't wanna see you run an' hide
hand in hand
we are strong

only together we could feel okay
you could be the sunshine of my heart
you could switch the sunrise – turn the night into bright light
let's stand together the black-man by our side

burn your lies.....

SENSATION

hot summernight -
party in the streets
and a lot of folks...
ev'rybody 's pleased
with wine, women & song...
but the mood is skilled -
a young man appears -
he's got a bloody face
people are cheatin'
don't know what's goin' on...

sensation to the people
sensation in their mind
sensation – live & bloody
sensation makes 'em blind!

striking himself
again and again...
it seems insane...
something inside
and too much wine made him stray
so he breaks down in the street -
the crowd gazin' with
silly views -
and the following day
they got a great story to tell...
sensation to the people
sensation in their mind
sensation – live & bloody
sensation make'em blind!

hate the people
hate their lies
wonder why they can be as cold as ice
it's a sensation to me!
hate their pride
hate their greed
sometimes I wonder if we are a devil's breed – it's a
sensation to me!

STORM AND THUNDER

we got a fight for existence
strikin' battles for a land
lord, you're hidin' in the distance
now we're waitin' for the end

where's all the love to the children?
see iron chains and metal force
where is the goddess who has killed them?
We only got all shit and tosh!

feel the end of a dream
you know what I mean
storm and the thunder!
taste the end of a dream
love changes the scene
storm and thunder!

sold our love-hearts for the money
now they've changed to hearts of stone
cheated clown, it seems so funny
the crowd is gone – you weep alone

do you feel the hardrock-power?
lord we cry loud for your lover
lord we need you ev'ry hour
'cause you 'bout love's sweet heavy stuff

feel the end of a dream.....
